Mark,

I recommend that you obtain the non-redacted version of Chemours Inspection Report from EPA HQ, Tony Ellis, due to their control of the investigation. Let me know if you have any problems obtaining the report from HQ.

Thanks,

Hi Mark,

I am sending your message to Tony Spann. He is now the TSCA CBI DCO in Region 4. Although Verne wrote the report, the inspection was done at the request of HQ, so it may be that you will be directed to HQ for a copy of the non-redacted report. I am also copying Gopal Timsina. He has been assisting Verne with Chemours and he may know if the Region or HQ is providing copies of the non-redacted report to those that need a copy.

I will talk to both Tony and Gopal about this email and to make sure to get in touch with you.

Keith

Verne and Keith,

You are both listed on this attached redacted report. Andy and I are involved in the Chemours PFAS investigations on the Cape Fear river and surrounding area. It is very difficult to read this document as so much is redacted.

I am wondering if I can get a copy of the non-redacted document or if we need to have TSCA-CBI clearance for that?

Please let me know.

Thanks,  
Mark
